STUDY ABROAD IN SEVILLE SPAIN

The ICS

The International College of Seville (ICS) is a private, independent, cultural organization whose goal is to serve as a center for the promotion of international education.

The ICS is recognized by the Government of Andalusia under the Spanish Education Act of 1991, and is authorized by the Ministry of Education and Science of the Junta de Andalucia to offer U.S. college-level courses.

The ICS was founded in 1982 and it offers, in cooperation with a number of U.S. universities and the University of Seville, a multi-faceted program for students wishing to study in Spain.

The classrooms, a reference library, TV room, Internet facilities, study areas and administrative offices occupy a three-story Andalusian villa located in one of Seville's most charming neighborhoods, El Porvenir, and within walking distance from the city's historical center.

STUDY WITH US AT THE ICS AND AT THE UNIVERSITY OF SEVILLE

The program centers on the intensive study of Spanish language and culture, while offering a complete cultural immersion in the life of the Spanish community. As a way to accelerate language acquisition at all levels and to gain a working knowledge of the host culture, students enrolled at the ICS have the unique opportunity to live with local families or in student residences. ICS students enrolled in Fall, Spring, Summer and Arabic programs receive official transcripts, fully accredited by U.S. sponsoring universities and from the University of Seville, if applicable. For more information please visit the ICS website.

ICS students with a sufficient language proficiency may also enroll in upper division courses at the University of Seville. Students will appreciate attending classes in the imposing 18th Century building immortalized by Bizet's opera "Carmen" and by 19th Century travellers in search of Romantic Spain.

In addition to the courses especially designed for American colleges and universities, ICS students may enroll in up to two regular University of Seville courses (with Spanish students) at the Schools of Philology and of Geography & History.

Cultural visits and Excursions

Each semester students have the opportunity to participate in many fascinating cultural visits and excursions throughout Andalucía and a weekend trip to Morocco.

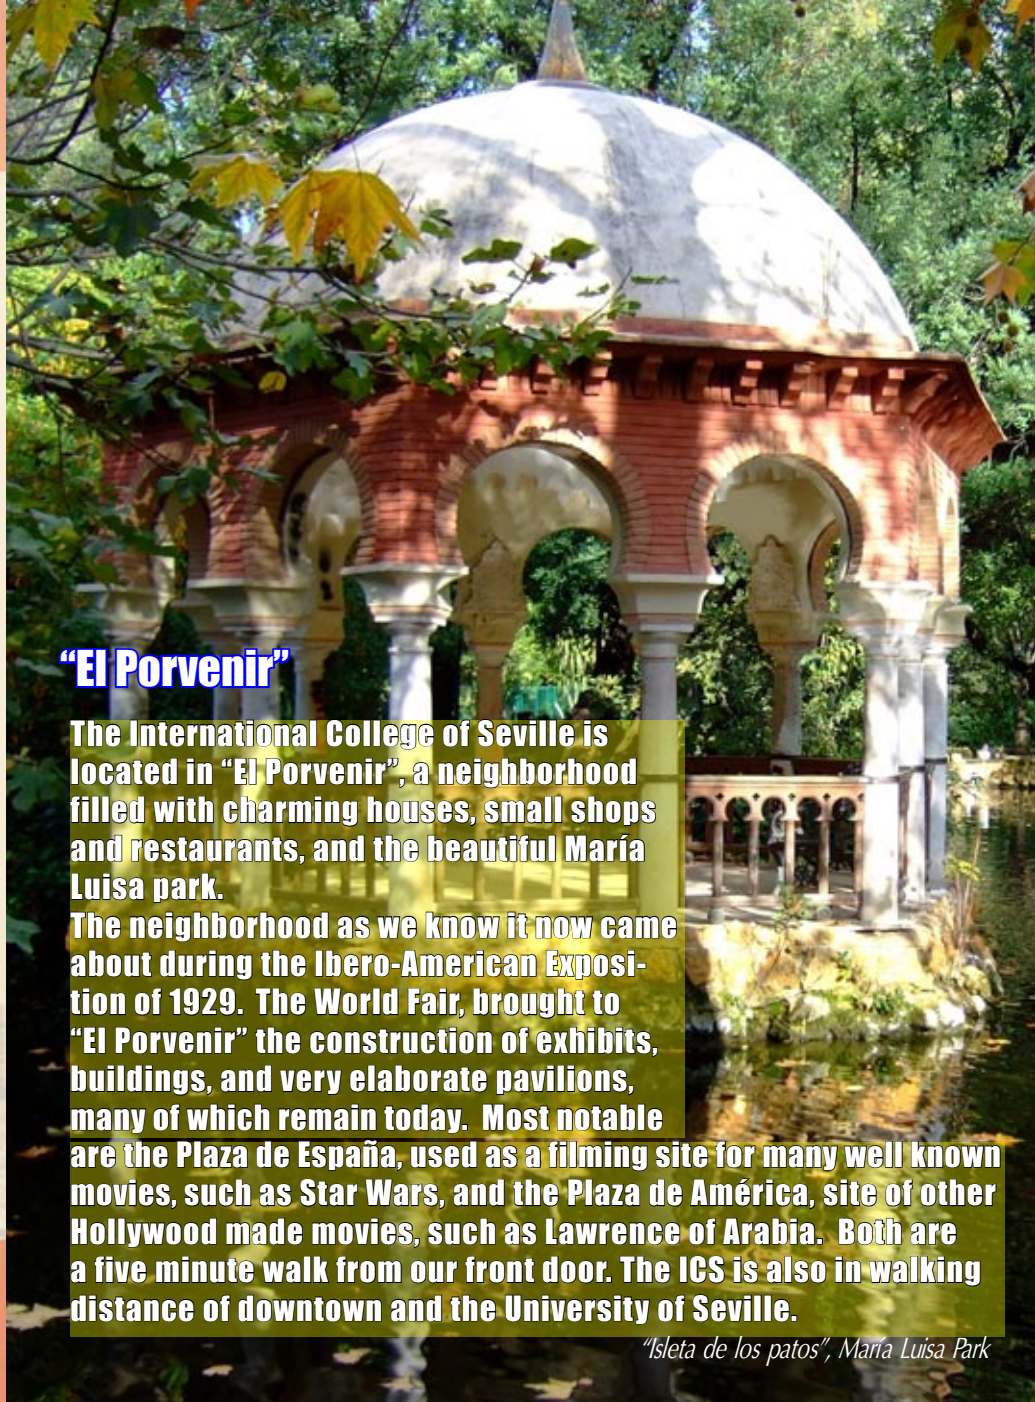

"Intercambio" Program. Most ICS students wish to perfect their Spanish and many local students want to do the same in English. Our program of Linguistic Exchange is a great way to improve your skills and meet new people.

THE ADVENTURE OF A LIFE TIME

"El Porvenir"

The International College of Seville is located in "El Porvenir", a neighborhood filled with charming houses, small shops and restaurants, and the beautiful María Luisa park. The neighborhood as we know it now came about during the Ibero-American Exposition of 1929. The World Fair, brought to "El Porvenir" the construction of exhibits, buildings, and very elaborate pavilions, many of which remain today. Most notable are the Plaza de España, used as a filming site for many well known movies, such as Star Wars, and the Plaza de América, site of other Hollywood made movies, such as Lawrence of Arabia. Both are a five minute walk from our front door. The ICS is also in walking distance of downtown and the University of Seville.
