Flinders University Course Information

The following is a list of Flinders University courses that are available to UHM students. Students typically select undergraduate courses from these subjects in Levels 1, 2 and 3 (1XXX, 2XXX, 3 XXX) to receive UHM equivalents.

In looking up a course that does not yet have a UHM equivalent at the website, enter the course (and number if known). Most courses are offered at the Bedford Park campus.

Note: **S1**=UHM Spring Semester
S2=UHM Fall Semester

Courses which do not have an assigned UHM equivalent must receive approval from the appropriate Mānoa department. A course description must be presented to a department chair or other qualified faculty member. Once this is done, the Flinders courses with the respective UHM equivalents should be listed in a memo addressed to the Study Abroad Center.

Subjects offered include:
