

COURSE OFFERINGS

**UHM Study Abroad Center ♦ University of Roehampton
Semester in London, England**

UHM students in London must be registered with a minimum of 12 credits, usually 4 courses. All students must take at least one of the UHM Resident Director’s courses.

The following pages list University of Roehampton courses that have designated available UHM equivalents. *Note that this lists equivalencies only, and not course availability of your intended term in London.*

Courses which do not have an assigned UHM equivalent must receive approval from the appropriate Mānoa department. A course description must be presented to a qualified department chair or other faculty member at UHM for an evaluation for equivalencies. Once this is done, the University of Roehampton courses with the respective UHM equivalents should be listed in a memo (included with this booklet) addressed to the Study Abroad Center.

how to select University of Roehampton Modules

- View Roehampton courses: [Spring 2022 Roehampton Study Abroad Module Catalogue](#)
- Click on the module code under the appropriate semester to access the description.
- Contact Roehampton Abroad if syllabi are needed: Roehamptonabroad@roehampton.ac.uk

how to read online module listings

The diagram illustrates how to read online module listings. It features a sample course entry: **ENG 020 C602 S London in Literature**. Callouts identify parts of this entry: 'program me code' points to 'ENG 020', 'credit number' points to '602', and 'course level²' points to 'C'. Below the entry, a 'course code' callout points to '010 or 020', 'semester (S=spring), (A=autumn)' points to 'S', 'course title' points to 'London in Literature', and 'course descriptio n' points to the detailed description text. A note explains that 'British students more preparation' is indicated by 'S' and that 'UHM participants select C courses' is recommended.

course level²
C=first year, N=second year,
X=third year

1 Select **010** or **020** courses only.

2 British students more preparation
It is therefore recommended that UHM participants select **C** courses.

receive quite a bit before they enter University, than U.S. students.
