Chelsea is currently studying Marketing and Human Resource Management with a focus on Communication at The Shidler College of Business at the University of Hawaii at Manoa.

**Natalie Szponar**
Natalie is a Freshman-year student enrolled at Elgin Community College and is set to transfer to DePaul University as a Diplomacy major for the Fall semester of 2024.

**Allyson Whaley**
Allyson is a third year student of Journalism at the University of Hawaii at Manoa.

All three members are excited to work on different projects as interns for International College of Seville this semester.
It has been exactly one week since I arrived in Sevilla, and what a whirlwind of an experience it has been so far! We started off the semester with Welcome Week walks through the park, boat rides along the river, amazing food along the way, such as Churros con Chocolate, and many truly delicious coffees. My favorite day from Welcome Week was our Sunday river cruise. The sun was shining down, not a cloud in the sky, and there were beautiful sights all around us. It was so relaxing and such a great way to get to know everyone in the program.

For however much I loved the cruise, my favorite part of the day was afterwards when everyone in the program met at a little outdoor terrace along the river. We played cards and talked and laughed, and we got to know each other better while basking in the gorgeous sunlight. It was a fun experience and a memory I will hold close to my heart for ever.

Above all, what I most am enjoying about my time here in Seville is getting to know so many great people. We hang out constantly in big groups and get along so well, which is rare, that it has certainly been a perk to my experience. Talking and laughing, exploring the park or even just walking around has been a part of my day that I always look forward to. Between class we have been going daily to El Gato Azul, which is a delicious pizza spot right across from our school. It's great to be able to practice my Spanish when ordering. I have become friends with the owners, and even with some of the regular local customers!

Everyone I have met in Seville has been so kind and understanding, allowing me to practice my Spanish and helping me with words I mess up on. It has been extraordinary to feel that I am growing a deeper understanding and appreciation for a culture and language that are not my own. One of our first nights in town we went to a Flamenco show that truly captured the heart of Spain. It was breathtaking and told different stories through dance alone. This was such a beautiful experience and something I had never seen before. It brought tears to my eyes watching the expressive dancers on stage. I can't wait for the future experiences I will have here, who I will meet, and how I will further be immersed in the culture around me.
Cultural Visits.

During this month we will have guided visits to the ancient Roman city of Itálica and Seville’s Gothic Cathedral.

Trips.

This month our students will take part in a visit to the beautiful city of Córdoba.

Activities.

On the Spanish cooking agenda we will begin this month with Paella Mixta. And our students will prepare for the April Fair learning how to dance Sevillanas. Olé!
